**Subject:** PCF REMS Task Force

Dear All:

I apologize for the delay in taking the next step in our REMS planning. Holidays, illness, and travel have delayed us.

Attached is the latest version of our FDA letter which reflects the concerns that have been expressed in our meetings. It is "minimalist" by limiting the text to a brief articulation of concerns about the multiple opioid REMS and a request to work collaboratively on developing an effective and practical REMS program. It's a "keep it simple" letter that we hope will accomplish the goal of having the FDA invite our group to work with them in developing REMS for opioid medicines.

At this point, we ask for your endorsement of the letter which we plan to send next Thursday, 1/15.

If you have questions, please do not hesitate to contact me by e-mail or phone (410) 215 5856. Please indicate your organization's endorsement by e-mailing me at [wrowe@painfoundation.org](mailto:wrowe@painfoundation.org).

Thank you.

Will
